Video editing, Canva design, photography, presentation assets

PROFESSIONAL SUMMARY

Travel operations professional and final-year Computer Science & Engineering student with hands-on **Sabre GDS air ticketing** experience at a Dhaka travel agency. I work across the full customer journey - booking and reservation support, clear and patient customer communication, and the websites and digital campaigns that bring customers in. **Five live production websites and web apps** delivered with public links. Looking for a role where accuracy, service quality, and practical digital skills all matter.

PROFESSIONAL EXPERIENCE

Travel Operations & Ticketing Assistant

5 months

Trip Fly BD — Travel Agency, Dhaka

- Booked and managed **domestic and international air tickets on Sabre GDS**, covering fare display, reservation creation, and booking updates.
- Handled itinerary details, reservation queries, and travel documentation support so customers always knew the exact status of their booking.
- Explained fare options, schedules, and travel conditions clearly across phone, chat, and in-person conversations, in Bangla and English.
- Coordinated between customers and the internal team so confirmations, changes, and follow-ups moved without delay.
- Built and maintained the agency's **website sections and landing pages** (HTML, CSS, JavaScript), sharpening service clarity and consultation paths.
- Supported **SEO structure, social content, and digital brand presentation** for travel service marketing.
- Developed an internal **Smart Attendance System** web app that digitised daily attendance operations for the team.

SELECTED LIVE PROJECTS

Five live builds, every one publicly reachable. Links are clickable in this PDF.
